Thanks to the Woodland Trust, there are two scavenger hunts for your senses, on pages 3 and 4; one requires listening and the other is for excellent seekers! Good luck!

Sounds of spring
Head outside and listen for busy birds and buzzing bees.

Spring is a noisy time – the woods are alive with the sounds of nature!
How many of these can you hear?

Grown-ups: Buzz and quack with your little one. It's a fun way for them to practice making different sounds and helps improve speech development.

What other sounds can you hear – rustling leaves, snapping twigs, barking dogs...?
